Brian Peacock, Psy.D.

(443) 565-6468 / dr@drpeacock.com / Baltimore, MD / www.drpeacock.com

Curriculum Vitae
September 2025

I. Education

Psy.D., Clinical Psychology **2023**
The Wright Institute, Berkeley, CA
Focus Area: **Neuropsychological Assessment**
Internship: **Denver Health Adult Compassionate Substance Care Residency**
Dissertation: *Applications of **psychedelic-assisted psychotherapy** across personalities and psychopathologies: An integrative literature review with meta-analysis.*

M.A., Clinical Psychology **2019**
The Wright Institute, Berkeley, CA

B.S., Civil and Environmental Engineering **2012**
Lafayette College, Easton, PA

II. Psychology & Neuropsychology Experience

Licenses

Licensed Psychologist, Maryland, #07046 **2024–Present**

Psychology Interjurisdictional Compact (PSYPACT), National, #17825 **2024–Present**

- Authority to practice interjurisdictional telepsychology in 42 states
- Authorization to also provide temporary in-person services

Current Position

Clinical Lifespan Psychologist, Private Practice **2024–Present**
Peacock Psychology, LLC, Baltimore, MD
Founded a private practice specializing in psychological and neurodevelopmental evaluation of children, teens, and adults. Services include:

- **Neurodevelopmental Evaluations.** Neuropsychological evaluations for ADHD, autism, intellectual disability, and learning disorders.
- **Forensic and Court-Ordered Evaluations.** Psychological and neuropsychological evaluations for forensically involved patients.
- **Dual Diagnosis Evaluations.** Psychological evaluations to consider conditions co-occurring alongside substance use disorders and provide recommendations for treatment.
- **Consultation for those considering psychedelic-assisted therapies.** Consultations to assist in planning psychedelic-assisted therapies and identifying when such therapies are appropriate.

Teaching & Supervising

Clinical Faculty, Loyola Clinical Centers **2024–2025**
Loyola University Maryland, Baltimore, MD, 12 hr/wk

- **Supervised** clinical psychology doctoral students providing **adult psychoeducational assessments** at Loyola Clinical Centers for a 1-year term. Reviewed student work to ensure fidelity of patient care.
- **Led weekly group supervision** teaching students to administer psychological tests, interpret data, and formulate cases in order to accurately diagnose and provide impactful feedback and reports to patients.

Adjunct Faculty, Clinical Psychology **Fall 2024**
Stevenson University, Stevenson, MD, 10 hr/wk

- **Instructor** for 3-credit *Biological Bases of Behavior* course for doctoral students in a Psy.D. program.
- Course topics include **functional neuroanatomy**, biological basis of **cognition and emotion**, and an introduction to **neuropathology**.

Professional Organizations

American Psychological Association (APA), Member **2018–Present**

Maryland Psychological Association (MPA), Member **2024–Present**

National Academy of Neuropsychology (NAN), Associate Member **2024–Present**

American Academy of Psychotherapists (AAP), Associate Member **2020–Present**

Training

Predoctoral Practicum / Postdoctoral Fellowship, Private Practice **2021–2022; 2023–2025**
Center for Assessment and Treatment, Chevy Chase, MD
Supervisors: David Black, Ph.D., Robb Mapou, Ph.D., ABPP-CN, Emily Friedman, Psy.D., among others.

- **Specialized training in neuropsychological assessment** and treatment of twice-exceptional children, adolescents, and adults.
- Conducted neuropsychological assessments for children and adolescents to diagnose **autism spectrum disorder (ASD), attention-deficit/hyperactivity disorder (ADHD), learning disorders (LD)**, and other neurodevelopmental conditions.
- Assisted with **adult medical-legal evaluations, Federal Aviation Administration** (**FAA) aeromedical examinations,** and **learning disorder assessments** (predoctoral).

Psychology Resident, Adult Compassionate Substance Care Track **2022–2023**
Denver Health and Hospital Authority, Denver, CO
Supervisors: Jennifer Peraza, Psy.D., ABPP-CN, Christopher Pierce, Ph.D., Lauren Dent, Psy.D., Blair Nyline, Ph.D., Bradley McMillan, Ph.D., Thomas Dunn, Ph.D., and Scott Simpson, M.D.

- Denver Health is the premier safety net hospital and healthcare system in Denver County.
- **Received intensive training in medical and forensic settings** focused on treating patients with substance use and mental health conditions, often complicated by co-occurring medical conditions.
- *Completed six-month rotations in:*
  - **Psychiatric Emergency Services (PES):** Performed risk assessment, triage, and disposition planning in consultation with medical professionals while working in the hospital's emergency department.
  - **Inpatient Psychiatric Consultation-Liaison:** Provided psychological consultation across hospital departments for patients suffering from psychiatric disorders concurrent with serious medical concerns. Provided psychotherapy and assessment for complex cases where mental health was impacting medical recovery.
  - **Denver Downtown Detention Center:** Performed short-term psychotherapy, therapy triage, risk assessment, crisis intervention, diagnostic assessments, and supervision of another trainee in a correctional setting.
  - **Neuropsychology Department:** Performed neuropsychological assessments for adults suffering from neurodegenerative disorders and acquired brain injury in both inpatient and outpatient settings. Provided feedback to patients, caregivers, and providers.
- **Researched** applications of psychedelic-assisted treatments in integrated healthcare systems. Presented findings to medical residents from CU Anschutz and to Denver Health faculty.

***Early Clinical Practica**, San Francisco Bay, CA* **2017–2021**

Supervised by licensed psychologists across inpatient, outpatient, recovery, and school-based programs.

- **Fremont Hospital (Fremont, CA):** Conducted diagnostic assessments for adolescents in inpatient and partial-hospitalization programs. Provided feedback to families, psychiatrists, and case managers.
- **Oakes Children's Center (San Francisco, CA):** Provided psychodynamic psychotherapy for children and adolescents (ages 8–16) in school-based, outpatient, and telehealth settings.
- **The Wright Institute Clinic (Berkeley, CA):** Delivered weekly psychodynamic psychotherapy for adult outpatients with anxiety, depression, trauma, and personality disorders, and wrote integrated assessments.
- **The Wright Institute Recovery Clinic & Options Recovery Services (Berkeley, CA):** Provided individual and group therapy for adults recovering from substance use disorders, integrating psychodynamic, CBT, psychoeducation, and process-oriented approaches.

Additional Training & Certifications

Selected trainings and certifications are listed below. A complete list is available upon request.

Fundamentals of Forensic Neuropsychology **Jan–Mar 2025**

Instructor: Chriscelyn M. Tussey, Psy.D., ABPP

Twenty-hour training focused on performing neuropsychological assessments in legal contexts. Topics covered included competence to stand trial, mental state at the time of offense, civil capacities and commitment, and

personal injury. Strategies for effective report writing and expert testimony were also reviewed. The course was accompanied by the textbook *Psychological Evaluations for the Courts: A Handbook for Mental Health Professionals and Lawyers* by Melton et al. (2017).

Autism Diagnostic Observation Schedule, Second Edition (ADOS-2), Clinical Training **April 2024**

- Completed two-day training on administering, scoring, and interpreting the ADOS-2, the gold-standard performance-based test for autism spectrum disorder.
- Taught by Rachel Hundley, Ph.D. from Vanderbilt University Medical Center.

Washington Baltimore Center for Psychoanalysis, Psychoanalytic Fellowship **2021–2022**
Yearlong fellowship that included monthly lectures, seminars, and case conferences on psychoanalytic practice as well as invitations to The Center's Psychoanalytic Scientific Meetings.

Conferences

Major conferences are listed below. A complete list is available upon request.

Jacobus tenBroek Disability Law Symposium, Baltimore, MD **Mar 2025**
Attended presentations on contemporary issues in disability law and advocacy by attorneys and allied professionals. (2-day conference)

HORIZONS: Perspectives on Psychedelics, New York, NY **May 2024**
Attended sessions on psychedelic science, including "Science, Medicine, and Psychedelics" and "Psychedelics in the World." (2-day conference)

National Academy of Neuropsychology 42nd Annual Conference, Denver, CO **Oct 2022**
Attended seminars on bias in forensic assessment, the developmental impact of COVID-19, and communicating scientific findings to the public. (4-day conference)

American Psychological Association (APA) Convention, San Francisco, CA **Aug 2018**
Attended workshops and presentations by leading psychologists from across the country. (4-day conference)

III. Research

Research Experience

Doctoral Dissertation: *"Applications of psychedelic-assisted psychotherapy across personalities and psychopathologies: An integrative literature review with meta-analysis."* **2018–2022**

- Conducted a 700+ page integrative literature review and preliminary meta-analysis on psychedelic-assisted psychotherapy, covering clinical applications, neuroscience, risks, and treatment planning.
- Developed an evidence-based method for planning psychedelic treatments based on patient characteristics, mental health diagnoses, personality traits, and medical conditions.

Graduate & Postgraduate Research in Clinical Psychology **2019–2023**
Center for Assessment and Treatment, Chevy Chase, MD; Denver Health and University of Colorado School of Medicine, Denver, CO

- Investigated applications of psychedelic-assisted treatments in integrated care and for treating neuropsychological conditions.
- Investigated clinical literature on Rorschach profiles in autism spectrum disorder and presented findings.

Environmental Protection Agency, Greater Research Opportunities (GRO) Fellow **2010–2012**
EPA National Risk Management Research Laboratory, Cincinnati, OH

- Awarded a competitive federal fellowship to support research careers in environmental science and engineering.
- Conducted laboratory and modeling research on bacterial biofilms in rapid sand filters to optimize nitrate removal in water treatment systems.
- Developed a mathematical model of biofilm-mediated nitrogen cycling informed by electron microscopy.

Undergraduate Research in Environmental Science & Engineering **2009–2012**
Lafayette College, Easton, PA and University of Auckland, New Zealand

- Conducted federally funded projects in ecological engineering, water treatment, and restoration planning.
- Produced multiple peer-reviewed publications.

Psychology & Clinical Science Publications

A GIS-based habitat restoration and preservation prioritization tool geospatially integrating hydrological, ecological, pollution, economic and cultural considerations. *The Proceedings of the National Conference on Undergraduate Research, Ithaca, NY*.

Presentations

Additional presentations available upon request.

Peacock, B. C. (2024, October). *Nonspecific Amplifiers of The Unconscious: Psychedelics' Impact on Psychodynamic Process* [Oral presentation]. 68th Annual Institute & Conference, American Academy of Psychotherapists, New Orleans, LA.

Peacock, B. C. (2023, July). *Psychedelic treatment planning: Opportunities in integrated care* [Oral presentation]. Psychedelic and Experiential Medicine Interest Group, University of Colorado School of Medicine, Online.

Peacock, B. C. (2022, October). *Psychedelic interventions for neuropsychological conditions: A call for further study* [Poster presentation]. National Academy of Neuropsychology 42nd Annual Conference, Denver, CO, United States.

Awards & Honors

Usona Institute Scholarship **2022, 2023**

Graduate scholarship supporting research in psychedelic sciences.

Udall Scholar **2011**

Prestigious national scholarship for leadership and public service in environmentalism.
