- **Procedure Codes/CPT Codes:** 96132, 96133, 96136, 96137
- **Diagnosis/ICD Codes** – For pre-authorization, use the diagnosis code(s) for the condition(s) being evaluated. Some common codes include:
  - F90.9 Attention deficit/hyperactivity disorder (ADHD)
  - F84.0 Autism spectrum disorder
  - F81.0 Specific learning disorder impacting reading (including dyslexia)
  - F81.81 Specific learning disorder impacting writing
  - F81.2 Specific learning disorder impacting mathematics
  - F41.9 Anxiety (any type)
  - F32.9 Depression (any type)
  - F43.10 Posttraumatic stress disorder (PTSD)
  - For other diagnosis codes or if you have any questions, please reach out to Dr. Peacock.
- **A referral** from your primary care doctor is sometimes but not always needed.

The superbill will be generated after the assessment, which you will send to your insurance company for reimbursement. It can take some time to receive reimbursement. You are responsible for paying all fees, regardless of whether or not your insurance company reimburses you.
